

## **From Varsity to the NCAA**

***Transitioning from High School to Collegiate Athletics***

***Parent and Student Workshop***

***Tuesday, March 19, 2019***

***7:00PM in the CHS Library***

***Cranberry High School will be hosting an informative session regarding the process that student-athletes and their parents will need to go through to establish athletic eligibility with the NCAA to participate in collegiate athletics at the Division I or Division II level. Topics reviewed will be the NCAA's role and function, the process to register your student with the NCAA Clearinghouse, the academic requirements for participation at the Division I and Division II levels, and the courses that students need to take in grades 9-12 in order to establish eligibility with the NCAA. Please note that students begin taking classes that count towards their NCAA Core Course List in 9<sup>th</sup> grade, so it is important to be aware of these requirements as courses are selected for the upcoming school year. There will also be time to answer any specific questions that you may have regarding your student's potential NCAA eligibility. Pre-registration is not required to attend, but would be helpful so that we know how many handouts to prepare for the evening. You can RSVP to Mr. Godinich at (814)676-8504, ext. 2521 or via e-mail at [agodinich@cranberrysd.org](mailto:agodinich@cranberrysd.org).***
